

The bees know

by mazaher

May 24th, 2011

::

*Gil Grissom leaves everything behind in order to be near Sara Sidle.
The move is unexpected... but only in the eyes of humans.*

::

--Eccolo là,
dice la cetonia alla mantide.
--Ha piantato tutto e l'ha seguita.
--Me lo aspettavo,
risponde la mantide.
--Me l'ha detto l'ape.

::

"There he is,"
clicks the elephant beetle
(*Megasoma elephas*).
"He dumped everything and
followed her."
"I guessed as much,"
chirps the violet-winged grasshopper
(*Tropidacris collaris*).
"The bees (*Melipona scutellaris*)
were buzzing about it."
