Summary: Admiral Kirk's defeat of Khan and the creation of the
 Genesis planet are empty victories. Spock is dead and
 McCoy is unexplainably being driven insane. Then an
 unexpected visit from Sarek, Spock's father, provides a
 startling revelation: McCoy is harboring Spock's living
 essence. With one friend alive and one not, but both in
 pain, Kirk attempts to help his friends by stealing the
 Enterprise and defying Starfleet's Genesis planet
 quarantine. But the Klingons have also learned of
 Genesis and race to meet Kirk in a deadly rendezvous.
